

DAVID P. NOBILE
CHIEF INFORMATION OFFICER

Arizona

dnobile@jshfirm.com | T: 602.263.1772 | F: 602.651.7507

David Nobile leads the firm's IT team, ensuring secure, prompt, and innovative technology service and accessibility. Dave is responsible for developing and managing the firm's security plan, including off-site storage and cloud-based storage, as well as software development, network engineering, database design, and providing firm employees immediate technical support through the JSH Help Desk.

Dave has over 22 years of experience focused on leadership and delivery for IT environments. Before joining JSH, Dave served as Chief Information Officer at a large law firm, where he oversaw the development and evaluation of the firm's strategic IT plans and implemented IT framework and security policies. Dave has worked at six law firms, ranging from mid-sized to large regional, national, and international law firms.

Originally from Ohio, he is an avid Ohio State Buckeyes fan and enjoys playing golf and watching NASCAR.
